Budget Message

September 18, 2024

To: Board of Directors,
Kensington Fire Protection District

Members of the Board:

It is my pleasure to present to you the Kensington Fire Protection District ("KFPD") Final Budget for Fiscal Year 2024-2025. This budget serves as the foundation for KFPD's commitment to serving the Kensington community in protecting the lives, property, and environment of the community from the disastrous effects of fires, medical emergencies, natural disasters, and other hazardous conditions.

KFPD has continued to make significant improvements in service delivery over the past fiscal year, including:

- Updated long-term financial forecast for operational, emergency, and capital reserves;
- Substantially completed the Public Safety Building Seismic Renovation Project and completion of the Temporary Fire Station 55;
- Continued broadening emergency preparedness with establishment of a Work Plan;
- Adopted new policies for reserves and purchasing; and
- Continued the cooperative administrative relationship between the KFPD and KPPCSD.

To further expand on those achievements, the FY 2024-25 Final Budget will enable further improvements while providing responsible stewardship of the district's resources. The budget is developed in accordance with the Guiding Principles which were developed several years ago which are listed on Page 8.

I would like to express my appreciation to the Board for their continued support and tireless leadership of such a critical organization. As always, we welcome and encourage public input and feedback on the budget to ensure that it is reader-friendly and provides useful information on the District's programs and services.

Respectfully submitted,

Mary Morris-Mayorga

Mission

Our mission is to provide the highest level of service to Kensington in order to protect the lives, property, and environment of the community from the disastrous effects of fires, medical emergencies, natural disasters, and other hazardous conditions.

District Profile

The unincorporated town of Kensington began a volunteer fire department in 1928. Twenty-four years later, the Kensington Fire Protection District (formed in 1937) hired a staff of professional firefighters under the supervision of a fire chief. The district is organized under the State's Health & Safety Code Section 13800, commonly known as the Bergeson Fire District Law. In 1995, the district entered into a contract with the City of El Cerrito whereby El Cerrito would provide all fire prevention, fire suppression and emergency services within Kensington for an annual fee. As a result, the district's only current employee is its Interim General Manager (GM), Mary Morris-Mayorga while the search is in progress for a permanent General Manager. Salary information for the District's GM can be found at: www.publicpay.ca.gov

The early fire department was housed in a small, quaint English country-style building next to the Chevron Oil gas station on the Arlington. The current public safety building, owned by the district, was constructed in 1970 and substantially renovated in 1999 and 2004. The district owns two fire engines, one specifically engineered for the steep, narrow streets of Kensington and the other a "Type III" or wildland engine for use during high fire season.

In recent years the district embarked on a series of water system improvements by contract with the East Bay Municipal Utility District to enhance the provision of water along the wildland interface and to optimize the placement of hydrants throughout the community. The district initiated paramedic service in 2001. It offers the first engine-based Advanced Life Support service in West Contra Costa County, bringing medications and equipment to a patient's side in under 5 minutes on average.

The district is able to provide a timely and appropriate level of response by active participation with other West Contra Costa County fire agencies in automatic response agreements that use the combined resources of all agencies to serve the area irrespective of jurisdictional lines.

The district operates a Community Emergency Response Team Training (CERT) program. For more information on CERT, see our "CERT Training" tab or at: www.el-cerrito.org/index.aspx?nid=133

Funding for District expenses is provided by property tax revenues as well as a special tax approved by the voters in 1980.

Strategic Planning and Goals

(pending update for recent activity)

The District's last goal setting session was held on January 20, 2021 as part of establishing the goals and objectives for the first year with the new General Manager. Prior to that, at a strategy planning session held on May 6, 2015, the following objectives were identified:

1. *Reducing loss of life and property and safeguarding the environment by effectively responding to fire, rescue and medical emergencies, hazardous material incidents and major disasters;*
2. *Helping members of the community reduce the frequency and severity of fires, accidents and natural disasters by providing public education programs;*
3. *Reducing threats to public safety by enforcing laws, codes and ordinances covering fire and life safety and by abating identified fire hazards on City, private and other agencies' property; and*
4. *Maintaining personnel, apparatus, equipment and facilities in a constantly ready condition.*

Long-term goals are contained within *Policy 0010 – Goals*:

- Establish a wildland/urban interface fire prevention effort through an emphasis on public education while establishing vegetation management standards and legal enforcement procedures of implementation in subsequent years.
- Maintain a Fire Hazard Reduction Program to work with the East Bay Regional Park District along the Kensington interface.
- Maintain enhanced personnel skill levels in wildland firefighting and incident command by continued participation in area-wide wildland fire response training exercises.
- Maintain Fire Station No. 55's functional adequacy and seismic structural integrity.
- Manage and implement capital projects to provide adequate fire flow throughout Kensington.
- Provide a comprehensive maintenance and certification test program to ensure readiness of complex fire apparatus and equipment.
- Provide hazardous materials response training to meet annual mandated requirements and to ensure efficient operations with the Richmond Fire Department Hazardous Materials Response Team.
- Maintain the earthquake and disaster preparedness program by supporting the Community Emergency Response Team (CERT).
- Continuously update disaster planning by utilizing support from the City of El Cerrito and their planning process.
- Continued implementation of upgraded computer-based systems for records and reports.
- Continuously improve access to and utilization of fire service weather information network.
- Fully implement the fire protection contract with the City of El Cerrito and respond to other cost-saving and service-enhancing opportunities for functional integration of fire services with surrounding jurisdictions.
- Maintain a program to identify and obtain grant funding to support and enhance the District's fire protection services.
- Prudently manage District funds.

Fund Structure

District financial activities are recorded in three major governmental funds:

General Fund - Operating fund of the district; Used for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund - Accounts for the special tax authorized by Section 53978 of the Government Code and approved by the district's electorate on April 8, 1980.

Capital Project Fund - Used to account for financial resources in the acquisition, construction, or rehabilitation of major capital facilities and inventory.

Budget Development

Guiding Principles

1. Open and transparent – all components of the budget are available to the public with reporting that supports and enhances.
2. Strategic – delivery of District services and programs aligns with the mission and strategic goals and priorities.
3. Sustainable – a five-year long-term financial plan demonstrates availability of resources for service delivery.
4. Resilience – future fiscal contingencies and risks are identified, assessed and prudently planned for through reserves or other measures.
5. Realistic – budget amounts are based upon the best information available.
6. Integrity and quality – budgetary forecasts and actual results are subject to quality assurance including independent audit.
7. Performance – evaluation of services and programs will be integral to the budget process.

Budget Schedule

In general, the annual budget schedule is as follows:

Financial Plan

The District engaged NHA Advisors in October 2021 for strategic financial planning of the district's operational, capital, and emergency reserves. In 2023, Bill Zenoni developed a financial forecasting model and projection with staff able to update for changes as they occur and/or are needed for planning purposes. Bill Zenoni worked with staff on the additional update below.
